June 16, 2021

The Honorable Dianne Feinstein  
Chairwoman  
Subcommittee on Energy and Water Development  
Committee on Appropriations  
U.S. Senate  
Washington, D.C. 20510

The Honorable John Kennedy  
Ranking Member  
Subcommittee on Energy and Water Development  
Committee on Appropriations  
U.S. Senate  
Washington, D.C. 20510

Dear Chairwoman Feinstein and Ranking Member Kennedy:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Energy and Water Development appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Mark Kelly  
United States Senator

<tr>
<td>US Army Corps of Engineers</td>
<td>Rose and Palm Garden Washes Small Flood Control Project: Douglas, a community that relies on tourism and cross-border trade through its port of entry, experiences significant flooding in the Rose and Palm Garden washes and oftentimes much of the City can be under a foot of water or more. This flood control project is necessary to protect the area and the international trade that drives the region’s economy.</td>
<td>Douglas, AZ AZ</td>
<td>200</td>
</tr>
<tr>
<td>US Army Corps of Engineers</td>
<td>Lower Santa Cruz River Study at Eloy: The proposed project is to continue the Lower Santa Cruz River Feasibility Study with a focus on the Eloy Levee/Channel project, which is designed to mitigate Santa Cruz River flooding for the community of Eloy, Arizona.</td>
<td>Eloy, AZ</td>
<td>125</td>
</tr>
<tr>
<td>Bureau of Reclamation</td>
<td>San Carlos Irrigation and Drainage District Canal Rehabilitation: This funding will allow for the removal and replacement of bridges and utility infrastructure above the Florence Canal as part of a three year project to line an 11.25-mile reach of the canal.</td>
<td>Florence, AZ AZ</td>
<td>4,145</td>
</tr>
<tr>
<td>US Army Corps of Engineers</td>
<td>McCormick Wash Flood Control Study: The McCormick Wash is a nearly century old earthen tunnel that has fallen into disrepair and partially collapsed due to erosion. It is only a matter of time until it collapses further, threatening flooding in the city of Globe. This funding will jumpstart a flood control project to protect the city from flooding, an investment which would protect the federal government from more costly mitigations caused by a potential flood.</td>
<td>Globe, AZ AZ</td>
<td>750</td>
</tr>
<tr>
<td>US Army Corps of Engineers</td>
<td>Little Colorado River at Winslow Levee Project: This funding will cover planning, engineering, and design costs for the Little Colorado River at Winslow Levee project, which will protect Winslow, AZ and a critical transcontinental rail crossing from flooding.</td>
<td>Winslow, AZ AZ</td>
<td>3,000</td>
