Washington, D.C. 20510

The Honorable John Boozman  
Ranking Member  
Military Construction, Veterans Affairs,  
and Related Agencies Sub-Committee  
Committee on Appropriations  
U.S. Senate  
Washington, D.C. 20510

Dear Chairman Heinrich and Ranking Member Boozman:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2023 Military Construction, Veterans Affairs, and Related Agencies appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Mark Kelly  
United States Senator

**Kelly, Mark(D-AZ) Military Construction and VA  
Congressionally Directed Spending Requests**

<b>Recipient Name</b>	<b>Project Purpose</b>	<b>Project Location</b>	<b>Amount Requested (\$000)</b>
Luke Air Force Base	Luke Air Force Base Child Development Center - This request will fully fund the planning and design costs for a new facility capable of serving an additional 252 children of servicemembers stationed at Luke Air Force Base. The Child Development Center at Luke Air Force Base is aging and unable to serve the current needs of servicemembers and their families.	Glendale AZ	\$2,430
Morris Air National Guard Base	Morris ANGB Main Gate Construction – This project would provide additional resources to the Air Force to relocate the main gate at the Morris Air National Guard Base to address security risks and reduce congestion.	Tucson AZ	\$10,000
Davis-Monthan Air Force Base	Davis Monthan AFB 610th CACS Command & Control Facility – This project will replace the facilities used by the 610th Command and Control Squadron based at Davis-Monthan AFB. The current facility cannot support the personnel needs of the squadron.	Tucson AZ	\$8,000
Davis-Monthan Air Force Base	Davis-Monthan AFB Combat Rescue Helicopter Simulator – This project will allow Davis-Monthan AFB to acquire a Combat Rescue Helicopter Simulator to train aircrew members for combat rescue helicopter missions. Davis-Monthan is at risk of having its personnel be unable to meet minimum graduate program requirements needed for the aircraft assigned to the installation, which would impact operational capabilities. This simulator would address that and increase readiness while reducing the need for costly off base training	Tucson AZ	\$7,500
Morris Air National Guard Base	Morris ANGB Aircraft Arresting System – This project will allow the Air National Guard to install a new aircraft arresting system, which can slow down landing fighter aircraft in emergency situations, at a runway at the Morris Air National Guard Base, to support ongoing operations at the facility.	Tucson AZ	\$9,400
Morris Air National Guard Base	Morris ANGB Munitions Storage Complex – This project will allow for the Air National Guard to acquire land and construct a new munitions storage area at the Morris Air National Guard Base. The current storage area is not able to meet minimum safety, security, and capacity requirements.	Tucson AZ	\$20,000
MCAS Yuma	MCAS Yuma Water Treatment Plant – This project will construct a new water treatment plant to serve the Marine Corps Air Station at Yuma. The current water treatment plant was built in 1947 and is in dire need of replacement to guarantee water quality for Marines and their families.	Yuma AZ	\$28,745
Yuma Proving Ground	Yuma Proving Ground Radar Operations & Maintenance Facility – This project would construct a 10,000 square foot Radar Operations and Maintenance facility to sustain and maintain highly complex radar systems which are critical to operations at Yuma Proving Ground. Construction of this facility will allow YPG to support many current and future testing missions for the Army.	Yuma AZ	\$5,900
Yuma Proving Ground	Yuma Proving Ground Ready Building – This project will ensure the Army has the necessary resources to construct a new ready building. That will provide permanent facilities and infrastructure for living and sleeping areas for an average daily load of 202 students attending the Military Free Fall School at Yuma Proving Ground in support of U.S. Army Special Operations Command.	Yuma AZ	\$6,500
