Non-Profit Applicants

Nonprofits wishing to receive funding through the FY27 CDS process **must** partner with a public sector entity, who will serve as the project sponsor, be responsible for all relevant federal grantmaking application and environmental review processes, and receive the funding in the appropriations bill on behalf of the nonprofit.

Nonprofits are only able to use this process to apply for funding through the Housing and Urban Development's Economic Development Initiatives account.

When completing the Congressionally Directed Spending application, nonprofit entities will be asked to provide:

- The name of the public sector entity who has agreed to sponsor their project.
- A point of contact with the public sector entity who will help to facilitate the distribution of CDS funding to a nonprofit.
- A signed letter on letterhead from an official with the public sector entity confirming they've agreed to sponsor a nonprofit's Congressionally Directed Spending project.

9. Who is the public sector entity that has agreed to be the project sponsor? *

For example: The City of Phoenix

10. What is the **full name** of the primary point of contact at the public sector entity for this project? *

11. What is the **title** of the primary point of contact at the public sector entity for this project? *

12. What is the **email** of the primary point of contact at the public sector entity for this project? *

13. What is the **direct phone number** of the primary point of contact at the public sector entity for this project? *

14. What is the Employer Identification Number (EIN) for the public sector entity? *

Please provide the taxpayer identification number for the public sector entity.

15. Please upload a signed letter on letterhead from an official with the public sector entity confirming they have agreed to sponsor the non-profit's Congressionally Directed Spending project. *

32. Project Purpose *

Briefly describe the project (no more than 1-2 sentences) that will be funded through Congressionally Directed Spending.

Example: This project seeks to address homelessness in the City of Phoenix by retrofitting an old hotel into a new shelter facility. The hotel is already owned by the city, and if provided with \$1.5 million in CDS funding, it could be retrofitted and operational within six months.

33. Project Detail *

This description should provide a brief (250 words or less) summary of the project, including its goals, history, and current status, as well as the justification for the project (i.e., why funding is in the interest of taxpayers). Please provide an estimated spend plan for the requested funding, breaking down anticipated expenditures in major categories (i.e., \$X for salaries; \$X for programming; \$X for equipment; etc.).

34. Congressionally Directed Spending Funding Request *

Dollar amount of funding requested you are requesting via Congressionally Directed Spending.

This should not be the **TOTAL** project cost, but the amount you are requesting to be funded via Congressionally Directed Spending?

Enter a dollar amount - ex. \$1,000,000

35. Total Project Cost *

What is the total cost of the entirety of the project?

Enter a dollar amount - ex. \$1,000,000

36. Local Match / Existing Resources *

Please provide a description of other sources of funding, or resources that other entities are providing, to support this project and contribute to its total cost.

Note: Some types of project require a cost-share. If the account you are applying for requires a cost-share, you **must** indicate that here. If you are unsure whether your project requires a cost-share, you can find the guidance here: <https://www.kelly.senate.gov/wp-content/uploads/2026/02/FY27-Approps-CDS-Guidance-All-Eligible-Accounts.pdf>.

37. Is this project's funding request scalable? *

In other words, if there is not sufficient funding available to fully fund this project at the requested level, would the project still be able to be completed if it received a lower level of funding?

Note: Our goal is always to secure the full funding request made to our office, but understanding a project's scalability can help us maximize the amount of Arizona funding secured.

Mark only one oval.

Yes

No

38. If yes, please provide any additional information about how funding could be scaled. If no, please describe why this project cannot be scaled. *

Example: I requested \$1 million, but we could identify additional sources of local funding to enable the project to be completed as long as we received at least \$700,000.

39. List of Entities or Organizations Partnering in or Supporting the Project *

Please include a full list of entities who are supportive of or participants in this project:

LHHS - DOL Employment and Training Administration

Generally these projects should include direct services which could include career services, training services (including work-based training), supportive services, and other permissible services, as they are defined in the Workforce Innovation and Opportunity Act. Typical activities include training unemployed individuals to increase their skills and obtain employment and enhancing the skills of incumbent workers to get higher-paying jobs.

105. Is your requested funding intended to be used for construction of facilities or the purchase of equipment? *

CDS funding may be used for the purchase of equipment, but generally only if it is an incidental part of the larger project to provide direct services (a similar standard applies to curriculum development). If a larger portion of the CDS funding is expected to be used for equipment or curriculum development, please note that at the end of this form in "Additional Details," and provide a detailed justification for why such investments are necessary to meet the employment and training needs of individuals.

LHHS - HHS - Health Resources and Services Administration (HRSA)

106. Please review the following information to confirm whether your project is eligible under this account. *

Health Facilities Construction and Equipment:

- Eligible projects include:
 - limited-scope construction, renovation, or capital equipment purchase for facilities for health, mental health, or substance abuse services, training of health professionals, or medical research
 - acquisition of capital equipment, such as lab equipment, x-ray machines, or telehealth and information technology
 - Generally, any equipment having a useful life of more than one year and a unit cost of at least \$5,000 will be eligible as capital equipment.
 - architectural and engineering costs associated with an eligible construction project.
- Ineligible Projects:
 - Funding **cannot** be used for expendable supplies such as pharmaceuticals, lab chemicals, or office paper
 - HRSA Health Facilities funding **cannot** be used to acquire land or purchase existing buildings, or to pay salaries or other operating costs.
 - Funding **cannot** be used to pay for work previously completed.
 - Funding **cannot** be used for general feasibility studies or planning and design.

Rural Health

- Eligible projects include:
 - medical, dental, or mental health care services;
 - health promotion and education;
 - chronic disease management;
 - telehealth services; and
 - improvements to emergency medical services.
- CDS funds can be used for services only in areas that meet HRSA's definition of rural (see guidance docs for more info).

Check all that apply.

I acknowledge that I have reviewed this information and confirmed this project is eligible under this account.

118. Is your organization able to meet the DOT cost-share requirements? *

There is a cost-share requirement for all airport projects. The exact cost-share varies based on airport size, as determined by the AIP program. For large and medium primary hub airports, CDS can cover 75 percent of eligible costs (or 80 percent for noise program implementation). For small primary, reliever, and general aviation airports, CDS can cover a range of 90-95 percent of eligible costs.
